

Manuscript Preparation: Guidelines for Authors

“Agrovet Buzz” a *Bi- Monthly Focus on Agriculture and Veterinary Sciences*, is publishing review articles on selected topics, original articles, brief reports, case reports of substantive value, editorial annotations, papers on recent advances, announcements, summary reports of conferences and book reviews etc.

Form of Manuscript

Title Page: This should include the manuscript’s full title, author’s names, institutional affiliations, 5 key words for use by abstracting services, and a running title of no more than 40 characters.

Abstract: On a separate page, provide a summary of not more than 250 labeled purpose, Methods, Results and Conclusions.

Introduction: This should state the paper’s objective briefly and clearly with reference to actual work.

Methods: These should be described in sufficient details.

Results: These should be described concisely and in logical order. Where possible, use figures or tables to present data rather than text.

Discussion: This section should interpret the results and their significance in relation to previous work in the field. Avoid speculation not warranted by actual data and pictures in hard or soft copy.

Acknowledgments: These should be typed on a separate sheet and kept to a minimum consistent with the requirements of courtesy and disclosure.

References: Effective with all new submissions sites references by number in text.

Proofs: Please check text, tables, legends, and references carefully. It may be necessary to charge for alteration.

For further communication please attach the detail related your Postal Address, Email Id & Phone No. with your article.
